- gratifying teaching experience: I showed about 30 slides on Carbondale history to Larry Cesnick's 6 social studies classes; the presentation went very well each time.
- during early lunch (DE period) the 7th & 8th graders got carried away and had a food fight: ice cream sandwiches & shoe-string potatoes flying in all directions. I was one of 3 teachers on duty & couldn't believe how quickly it all happened: no minute they were all well behaved & the next second food was flying in all directions.
- <sup>at 4 P.M.</sup> picked up John at Matz & drove him to 78 Jefferson St.; returned to Eldred & then returned to 78 Jefferson at 8 PM; drove him to City Hall where he & Bob Domine worked at hanging a Hendrik photograph show in 302; I went to 46 Canaan & found Job not there. Had coffee with Connie & Jack & while I was there, Job's grandmother called to report that a Chris Bradley had been shot & killed by a classmate after school on Friday. The kids were fooling around with rifle in the woods: target practice. I recognized the name.

- woodcutting all day - Jack & Connie & Harmon & Job & Richard & Bob Matthew & SNP: we made good progress & cleared up all the brush beside the lawn & the highway on the East lawn: it looks great.

- we cooked hot dogs over the fire at mid-day. I "sweated away" my very bad cold, by 4 PM they all left & I went down to the Tinker Creek & bathed & washed my clothes; during the day Job had suggested that we go down to K-Mart after woodcutting & he would buy a paddle-fan for 302; after I had bathed & dressed, I called him (6 P.M.) to find out how we were going to proceed.

Curiously, he appeared to have forgotten the planned trip.
